

VTAC HSD

VPC's new **VTAC High Speed Data (HSD)** insert will increase your testing capabilities by allowing you to test devices that communicate at greater speeds. The VTAC HSD insert features a data transfer rate of **12.5+ Gbps** per differential pair with two differential pair per insert. Each VTAC HSD 50 μ " gold-plated self-aligning contact has a cycle life of 10,000 cycles without signal degradation.
